ISSUED

The recommendation of the Committee accepted by the Hon'ble Supreme Court for implementation:

- 6.1.1 **Universities and colleges across the country must ordinarily conduct elections for the appointment of students to student representative bodies. These elections may be conducted in the manner prescribed herein, or in a manner that conforms to the standards prescribed herein.**
- 6.1.2 **Where the atmosphere of the university campus is adverse to the conduct of peaceful, free and fair elections, the university, its constituent colleges and departments must initiate a system of student representation based on nominations, especially where elections are being held at present. It would be advisable, however, not to base such nomination system on purely academic merit, as is being practiced throughout the country.**
- 6.1.3 **In cases where elections are not being held, or where the nomination model prevails, the nomination model should be allowed to continue for a limited period of time. It is to be noted that the nomination system suffers from several flaws, and must only be resorted to as an INTERIM MEASURE.**
- 6.1.4 **Subject to the recommendations in respect of the possible models of elections, all institutions must, over a period of 5 years, convert from the nomination model to a structured election model, that may be based on a system of parliamentary (indirect) elections, or on the presidential (direct) system, or a hybrid of both. It is highly desirable that all institutions follow this mechanism of gradual conversion, especially for privately funded institutions that prefer a status quo situation.**
- 6.1.5 **All institutions must conduct a review of the student representation mechanism. The first review may be conducted after a period of 2 years of the implementation of the mechanism detailed above, and the second review may be conducted after the 3rd or the 4th year of implementation. The primary objective of these reviews will be to ascertain the success of the representation and election mechanism in each individual institution, so as to decide whether or not to implement a full-fledged election structure. Needless to say these reviews will be based on a consideration of the views and suggestions of all stakeholders, such as students, faculty, administration, student bodies, and parents.**

6.1.6 Institutions must, as a primary objective, subject to the pertinent issue of discipline on campus, seek to implement a structured system of student elections by the conclusion of a period of 5 years from the date of the implementation of these recommendations.

6.1.7 Subject to the autonomy of the universities in respect of the choice of the mode of election, all universities must institute an apex student representative body that represents all students, colleges, and departments coming under the particular university. In the event that the university is geographically widespread, individual colleges may constitute their own representative bodies, which would further elect representatives for the apex university body.

6.1.8 The union/representative body so elected shall only comprise of regular students on the rolls of the institution. No faculty member, nor any member of the administration shall be permitted to hold any post on the executive of such representative body, nor shall be allowed to be a member of any such representative body.

6.2 Modes of Elections

6.2.1 A system of direct election of the office bearers of the student body whereby all students of all constituent colleges, as well as all students of the university departments vote directly for the office bearers. This model may be followed in smaller universities with well-defined single campuses (for e.g. JNU/University of Hyderabad), and with a relatively smaller student population. A graphic representation of this model is annexed herewith at Annexure IV-A.

In respect of universities with large, widespread campuses and large student bodies, either of the following models may be adopted:

6.2.2 A system of elections, where colleges and campuses directly elect college and campus office bearers, as well as university representatives. The university representatives form an electoral college which shall elect the university student union office bearers. A graphic representation of this model is annexed herewith at Annexure IV-B.

6.2.3 A system of elections where on one hand, directly elected class representatives elect the office bearers of the college as well as the university representatives, and the campus itself directly elects the campus office bearers and the university representatives. The university representatives shall form an electoral college, which shall

elect the office bearer of the university student union. A graphic representation of this model is annexed herewith at Annexure IV-C.

6.2.4

A system of election wherein class representatives shall be directly elected in the colleges and universities campus and they in turn shall elect the office bearers for the college unions and the university campus union. Also they shall elect their representatives for university student union. These elected representatives from colleges and university campus shall form the Electoral College, which shall elect the office bearers of the university student union. This model shall be applicable to large university with large number of affiliated colleges. A graphic representation of this model is annexed herewith at Annexure IV-D.

6.3

Disassociation of Student Elections and Student Representation from Political Parties

6.3.1

During the period of the elections no person, who is not a student on the rolls of the college/university, shall be permitted to take part in the election process in any capacity. Any person, candidate, or member of the student organisation, violating this rule shall be subject to disciplinary proceedings, in addition to the candidature, as the case may be, being revoked.

6.6.3 The election of the candidate will be nullified in the event of any noncompliance or in the event of any excessive expenditure.

6.10.2 Student representation should be regulated by statute (either a Central Statute, State Statute or individual university statutes), incorporating the recommendations prescribed herein.

6.10.3 The institution should organize leadership-training programs with the help of professional organizations so as to groom and instill in students leadership qualities.

6.10.4 In the event of the office of any major post of office bearer falling vacant within two months of elections, re-elections should be conducted; otherwise the Vice President may be promoted to the post of President and Joint Secretary to the post of Secretary, as the case may be.
