7. After the revaluation, results will be finalized as follows:-

I-When marks are awarded:

(a)After the revaluation, the original marks secured by the candidate will not be changed (i)If the revalued marks are less than the marks awarded in the original valuation or(ii)If them arks exceeds the marks awarded in the original valuation by less than 5% of the maximum marks of the paper .

(b)If the award of the first re-evaluator exceeds the original marks by 5% and up to and including 10% of the maximum marks of the paper, the average of the marks of the original examiner and the first re-evaluator will be awarded.

(c)If the award of the re-evaluator varies from the original award by more than 10% of the maximum marks, the answer script will be examined by a Second re-evaluator and the average of the two nearest awards out of the three awards thus available (including the original award) shall be taken as final.

(d) If there happen to be a difference of more than 30% (of the maximum marks) between the first revaluation and second revaluation, the same will be subjected to a third revaluation. In such cases, to finalize the result, the average of the two nearest marks awarded on revaluation will be taken.

(e) In the case of examinations where questions in a question paper are to be answered under the divisions of Part A,B and or M,C,Q the difference of the percentage of maximum marks for determining the finalization of revaluation marks as detailed above, will be taken as the difference of percentage of all the parts A,B and or M,C,Q put together provided if the marks awarded to a party by first revaluator is the same or less than the original marks awarded to that part, such answer script(part) will not be sent again for revaluation as envisaged under clause "C" above.

(f) While taking average of two revaluations marks, fraction of 5 and above be rounded to the next denomination only in the case of the paper for which the maximum marks is 60 or above in all other cases, fraction be entered as $\frac{1}{4}$ (.25) or $\frac{1}{2}$ (.5) or $\frac{3}{4}$ (.75) as the case may be, ignoring the fraction in between them.

II-When grades are awarded:

(a) After the revaluation, the original Grade/Grade Point Average (*the grade point average of an answer paper is calculated by dividing the sum of weighted grade points by the sum of weights*) secured by the candidate in an answer paper (ESA theory) will not be changed if the Grade Point Average on revaluation is less than the Grade Point Average awarded in the original valuation.

(b) If on the revaluation the original Grade Point Average is enhanced but not resulting at a change in the Grade originally awarded, the average of the Grade Point Average of the original examiner and the first re-evaluator will be taken as final and awarded as such.

(c) If on the first revaluation the original Grade is changed to a higher grade, the answer paper will be examined by a Second revaluator and the average of the Grade Point Averages awarded by the two re-evaluators shall be taken as final and awarded as such even if there is no change in the Grade.

8. At least a period of 105 working days time from the last date for receipt of application of revaluation is normally required for completing the revaluation process. The facility for revaluation/scrutiny/photocopy is only for the purpose of getting redressal of the grievances and not as a right in the strict sense of the term.
